How Do I Do This?

1. Fill in the squares with dreams you'd like to fulfil!
They could be as wild as going on a 3-month sabbatical to Europe or as simple as saving up \$100,000 by a certain age.
2. Then, if you so wish, decorate the template with the available icons or with any tools and stickers of your choice.
3. Lastly, cross them out as you accomplish them, and do so till you've completed an entire row!
